Welcome to Texas A&M University-Corpus Christi!

Island Day is designed so that you can test the waters at the Island University! You will have opportunities to meet our faculty and staff who are committed to every student’s success, learn about our academic programs, tour our state-of-the-art facilities, and meet students who were once in your shoes.

At A&M-Corpus Christi, no ocean is too deep to explore and the sky is the limit. Our scientists explore the Gulf of Mexico and work with the FAA and NASA to bring unmanned aerial vehicles to America’s skies. Our university beach is a living laboratory and our students perform on the finest stage in the Coastal Bend. We are excited to share why approximately 12,000 students and over 50,000 alumni have made the Island their home away from home.

Here are some recommendations to make the most out of your campus visit:

• Take some time to review today’s schedule and pick sessions that you would like to attend. Build your own schedule on page 6. Sessions include academic showcases, admissions, financial aid, Islander Housing, and more!

• Meet an Island Ambassador. Island Ambassadors are TAMU-CC’s volunteer tour guides and host on-campus events for prospective students. They are eager to share why they love being Islanders and can help with directions.

• Take care of business. University staff members are on standby to answer any questions and help you become an Islander!

On behalf of the Islander family, thank you for visiting Texas A&M University-Corpus Christi. We hope that your stay makes choosing a university a little easier.

Shakas up and Go Islanders!

Rene Zamora ’14
Assistant Director of Recruitment and Admissions
Texas A&M University-Corpus Christi
rene.zamora@tamucc.edu

Continental Breakfast
University Center, Anchor Ballroom
Enjoy a light breakfast, review today’s schedule, and meet with admissions representatives to check your application status or to submit shot records and official transcripts (in sealed envelopes). Island Ambassadors will escort you to the next session.

Welcome to the Island University
Performing Arts Center
Members from the Islanders Dance Team will kick-off the day with a short performance to welcome you to the Island! Learn about what to expect and how to make the most of your campus visit. Island Ambassadors will direct you to the Academic Showcases from this session.

Academic Showcase Sessions
>>See pages 3 and 4 for sessions, times, and location.
Discover some of the University’s top-rated programs! Choose from a variety of sessions to immerse yourself in the true Islander Experience. Be sure to review session times and locations.

Lunch and Island Fair Rotations
>>Match your wristband color with the schedule below to determine your schedule.
Get a taste of Islander Dining and browse information tables to meet members from various campus departments, organizations, and academic programs!
*Do you have dietary restrictions? Let a catering staff member know.*

Izzy the Islander
@Go_Islanders
Choose from a variety of Academic Showcase Sessions to attend. Please review the location and color of your first academic showcase session as groups will be released from the Welcome Session by this criteria.

**COLLEGE OF BUSINESS**

**Welcome to the College of Business!**  
9:45 - 10:30am & 10:40 - 11:25am  
O'Connor Building, room 145 - Dr. Randall Harris  
The College of Business at TAMU-CC offers students the best quality education in seven major areas. The college is accredited by AACSB International in both Accounting and Business, a distinction held by only one percent of business schools worldwide. Stop by to learn more about our programs, internship opportunities, international experiences, and why TAMU-CC is among the premier business schools in Texas!

**Teacher Education Information Session**  
9:45 - 10:30am & 10:40 - 11:25am  
O'Connor Building room 117 - Dr. Kathleen Lynch-Davis and Dr. Danielle Kachorsky  
Learn about programs preparing future educators, including certification preparation courses, field-base training, and the Early Childhood Development Center, the laboratory school located on campus. The College of Education and Human Development also offers minors that help build training and leadership skills for majors including business, liberal arts, and sciences. A tour of the Early Childhood Development Center (the on-campus elementary school) will also be offered.

**Army ROTC - Islander Battalion**  
9:45 - 10:30am & 10:40 - 11:25am  
O'Connor Building, room 116 - Mr. Raul Ramirez  
Presentation topics include opportunities for leadership training, cadet life, hands-on/adventure training, and financial incentives.

**Kinesiology Information Session and Lab Tours**  
9:45 - 10:30am & 10:40 - 11:25am  
Island Hall, room 160 - Dr. Don Melrose and Dr. Daniel Newmire  
Learn about the Kinesiology specializations including exercise science, EC-12 teacher certification, pre-physical/pre-occupational therapy, sport management, and allied health. Kinesiology also offers minors in exercise science and sport management. The tour will include the biomechanics lab, motor development lab, exercise physiology lab, athletic training center, fitness rooms, and equipment including Dartfish motion analysis, iDEXA body composition analysis tools, and Vizual Edge visual analysis tools.

**Media and American Society: The Shaping of the 2020 Elections**  
9:45 - 10:30am & 10:40 - 11:25am  
Bay Hall, room 104 - Dr. Anantha Babbili  
News media and political communication strategies have long played critical roles in the formation of public opinion during the election of a candidate to the nation’s highest office. This presentation will provide a look at the role of these and their impacts on public opinion with an eye toward the history and criticism of presidential campaign advertising.

**Criminal Justice - What is Crime?**  
9:45 - 10:30am & 10:40 - 11:25am  
Bay Hall, room 103 - Dr. Wendi Pollock  
This presentation will include a discussion about the wide and changing range of behaviors that are labeled “crimes”, and how one system struggles to handle them all. From there we will cover what students will learn about crime and the criminal justice system here at TAMUCC, and see some videos of things happening around campus with criminal justice faculty and students.

**Political Science in 2020: Current Issues**  
9:45 - 10:30am & 10:40 - 11:25am  
Bay Hall, room 206 - Dr. Carlos Huerta  
Political Science is the study of the struggle for and the exercise of power. This presentation applies political science concepts to current issues in American politics including the impeachment process and the primary elections. We also overview the courses you will take and the opportunities you will have at TAMUCC, and highlight some of our current students and recent graduates.

**COLLEGE OF EDUCATION AND HUMAN DEVELOPMENT**

**Teacher Education Information Session**  
9:45 - 10:30am & 10:40 - 11:25am  
O'Connor Building room 117 - Dr. Kathleen Lynch-Davis and Dr. Danielle Kachorsky  
Learn about programs preparing future educators, including certification preparation courses, field-base training, and the Early Childhood Development Center, the laboratory school located on campus. The College of Education and Human Development also offers minors that help build training and leadership skills for majors including business, liberal arts, and sciences. A tour of the Early Childhood Development Center (the on-campus elementary school) will also be offered.

**Kinesiology Information Session and Lab Tours**  
9:45 - 10:30am & 10:40 - 11:25am  
Island Hall, room 160 - Dr. Don Melrose and Dr. Daniel Newmire  
Learn about the Kinesiology specializations including exercise science, EC-12 teacher certification, pre-physical/pre-occupational therapy, sport management, and allied health. Kinesiology also offers minors in exercise science and sport management. The tour will include the biomechanics lab, motor development lab, exercise physiology lab, athletic training center, fitness rooms, and equipment including Dartfish motion analysis, iDEXA body composition analysis tools, and Vizual Edge visual analysis tools.

**Army ROTC - Islander Battalion**  
9:45 - 10:30am & 10:40 - 11:25am  
O'Connor Building, room 116 - Mr. Raul Ramirez  
Presentation topics include opportunities for leadership training, cadet life, hands-on/adventure training, and financial incentives.

**COLLEGE OF LIBERAL ARTS**

**Break into Improv**  
9:45 - 10:30am & 10:40 - 11:25am  
Warren Theatre, Center for the Arts - Ms. Meredith Melville  
Laugh along with the Breakers Improv Ensemble as they create fun-filled mayhem! Under the direction of director, Meredith Melville, The Breakers will perform and then discuss the method behind the madness!

**Theatre Tours**  
9:45 - 10:30am & 10:40 - 11:25am  
Departing from the Center for the Arts Lobby - Mr. Thomas Oldham  
This tour provides a brief look at our theatre facilities, namely the Warren and Wilson Theatres. We will go into the proscenium and black box spaces, where we can discuss our season of shows, our courses, and anything else you may be interested in. In addition to an introduction to the department overall, this tour will end with The Breakers Improv show.

**Wheel Throwing Demo**  
9:45 - 10:30am & 10:40 - 11:25am  
Center for the Arts, room 112 - Mr. Richard James  
Assistant Professor James will demonstrate how to throw clay on the wheel while answering questions about the 3D department. A discussion of the history of ceramics will occur and details about what TAMU-CC can offer students who have an interest in this medium will also be discussed.

**Media and American Society: The Shaping of the 2020 Elections**  
9:45 - 10:30am & 10:40 - 11:25am  
Bay Hall, room 104 - Dr. Anantha Babbili  
News media and political communication strategies have long played critical roles in the formation of public opinion during the election of a candidate to the nation’s highest office. This presentation will provide a look at the role of these and their impacts on public opinion with an eye toward the history and criticism of presidential campaign advertising.

**Criminal Justice - What is Crime?**  
9:45 - 10:30am & 10:40 - 11:25am  
Bay Hall, room 103 - Dr. Wendi Pollock  
This presentation will include a discussion about the wide and changing range of behaviors that are labeled “crimes”, and how one system struggles to handle them all. From there we will cover what students will learn about crime and the criminal justice system here at TAMUCC, and see some videos of things happening around campus with criminal justice faculty and students.

**Political Science in 2020: Current Issues**  
9:45 - 10:30am & 10:40 - 11:25am  
Bay Hall, room 206 - Dr. Carlos Huerta  
Political Science is the study of the struggle for and the exercise of power. This presentation applies political science concepts to current issues in American politics including the impeachment process and the primary elections. We also overview the courses you will take and the opportunities you will have at TAMUCC, and highlight some of our current students and recent graduates.

**COLLEGE OF NURSING AND HEALTH SCIENCES**

**Welcome to Nursing and Health Sciences!**  
9:45 - 10:30am & 10:40 - 11:25am  
Center for Instruction, room 113 - Ms. Leigh Shaver  
This presentation will consist of a general overview of the College of Nursing and Health Sciences.

**Nursing Facilities Tour - Islander Regional Hospital**  
9:45 - 10:30am & 10:40 - 11:25am  
Island Hall, second floor nursing simulation labs - Nursing Students  
Guests will have the opportunity to tour the state-of-the-art simulated hospital ward and patient simulator labs.
Learn about University College's award-winning First-Year Learning Communities Program and First-Year Seminar course.

**First-Year Learning Communities Program**

- **Dr. Robert R. Furgason Engineering Building, room 106 - Dr. Aurelian Siminescu**
  A general introduction to the engineering profession will be made, and then the specifics of the TAMUCC engineering programs will be presented. Of the classes students take towards a mechanical engineering degree at TAMUCC, the Capstone Project class will be detailed, showing examples of design, engineering calculation and computer simulation work that students performed part of their design.

**How are Robotics and Autonomous Machines Related to Electrical Engineering?**

- **Dr. Robert R. Furgason Engineering Building, room 107 - Dr. Pablo Rangel**
  This session provides a brief overview of the Electrical Engineering program and how it connects to the creation of robots and autonomous machines. The presentation showcases examples from our current research projects involving swarms of autonomous unmanned systems and socially assistive humanoids.

**Industrial Engineering**

- **Dr. Robert R. Furgason Engineering Building, room 108 - Dr. Bruce Lee and Dr. Jangwoon Park**
  This session provides an overview of the Industrial Engineering programs as well as associated research activities. The Industrial Engineering program is a NEW program which will start this Fall 2020.

**Computer Science at TAMU-CC**

- **Dr. Robert R. Furgason Engineering Building, room 104 - Dr. Mohammed Blekhouche**
  Learn about TAMU-CC’s computer science program and the tracks offered for a profession in this field including: systems programming, cyber security and infrastructure, computer gaming, and computer information systems. You will also learn about iCORE, the Innovation in Computing Research Lab which works to discover new knowledge, sciences, and technologies in computing and related fields.

**DEPARTMENT OF PHYSICAL AND ENVIRONMENTAL SCIENCES**

**Environmental Science at TAMU-CC**

- **Dr. Robert R. Furgason Engineering Building, room 101 - Dr. Jennifer Smith-Engle**
  Environmental science is a highly interdisciplinary field embracing core sciences, regulations, and emerging technologies. Potential careers include consulting, positions in industry, local, state or federal agencies, non-profits, education, law, and more. Field trips, internships and undergraduate research provide high-impact learning opportunities, and customized degree plans fit students’ individual interests and goals.

**Atmospheric Science at TAMU-CC**

- **Center for Instruction, room 102 - Dr. Pat Fitzpatrick**
  We will provide a program overview and look into the world of atmospheric science. We will describe how the program is preparing students for: government jobs including the National Weather Service; the private sector; graduate school; and broadcast TV. We will discuss undergraduate and graduate student participation in research and internship activities. We will present faculty research specialties, which include: hurricanes; satellite meteorology; lightning and the electric field; El Niño; rainfall; and oceanography. The table demonstration at the Island Fair will include green screen technology, examples of weather instruments; and the “tornado machine.”

**21st Century Challenges: Chemistry at TAMU-CC**

- **Center for Instruction, room 106 - Dr. Patrick Larkin**
  A review of current chemistry-related challenges and opportunities, as well as a description of the chemistry program and major at Texas A&M-Corpus Christi.

**Neutrinos and Dark Matter - Great Inquiries of the 21st Century (Physics at TAMU-CC)**

- **Center for Instruction, room 107 - Dr. Barbara Szczerbinska**
  During the presentation Dr. Szczerbinska will take the audience on the intergalactic journey in search of an answer to the question, "What is the Universe made of and how do we know how much we don’t know?"

**DEPARTMENT OF LIFE SCIENCES**

**Marine Biology: Our Changing Seas and You**

- **Center for Instruction, room 128 - Dr. Keisha Bahr**
  Covering 70 percent of the Earth and supplying more than half its oxygen, the ocean is our planet’s life support system. Come learn more about life underwater, our changing oceans, and what you can do about it. Questions and discussion regarding TAMU-CC course offerings and preparation for a career in marine sciences are welcomed.

**Pre-Professional Student Presentation**

- **Center for Instruction, room 127 - Mr. Cristian Gonzalez, Ms. Lorena Reyes, and Ms. Ashleigh Holden**
  Do you have what it takes to be a pre-professional student at TAMIU-CC? Hear from current pre-professional students who have a goal to enter the health care field and the steps they are taking to be competitive applicants for their advanced degrees. This session is geared towards students interested in pre-med, pre-dental, pre-vet, pre-pharmacy, pre-optometry, pre-physical therapy, and pre-occupational therapy.

**Tidal Hall Tours**

- **Tidal Hall - #13 on the campus map - Mr. Kenneth Brown**
  Tidal Hall is TAMU-CC’s newest building on campus that supports the university's fastest growing programs and recent R2 Doctoral University High Research Activity classification by the Carnegie Commission on Higher Education. See our state-of-the-art lab facilities designed to sustain dynamic research from the undergrad to doctoral level. The $60,000,000 three story building makes TAMU-CC a destination institution for the best faculty, researchers, and students from around the world.

**UNIVERSITY COLLEGE**

**First-Year Learning Communities Program**

- **Center for Instruction, room 138 - Dr. Chelsie Hawkinson**
  Learn about University College's award-winning First-Year Learning Communities Program and First-Year Seminar course.

---

**BE SURE TO REVIEW THE LOCATION AND COLOR OF YOUR FIRST ACADEMIC SHOWCASE SESSION.**

**MORE INFORMATION**

- **ISLAND HALL - ORANGE**
- **TIDAL HALL - BROWN**
- **O’CONNOR BUILDING - RED**
- **BAY HALL - PINK**
